Critical Incident Policy

Policy number	New or Reviewed	Date of next review	Responsibility
P030	February 2018	February 2020	Principal

To provide young people with opportunities to be successful and make a positive contribution within their community.

1. Purpose

Emergencies and critical incidents in college can affect people physically and psychologically, and affect daily activity at Fairfield Farm College. The purpose of this policy is to ensure Fairfield Farm College prepares for and effectively responds to emergency situations and critical incidents through the appropriate use of resources. The prevention and effective management of emergency situations and critical incidents can assist to minimise the negative impact of an unexpected event. This policy applies to all staff, volunteers, Trustees and students.

Aims

- To provide a safe and secure environment for our students, staff and visitors
- To establish protocols and procedures that effectively monitors and manages a potentially dangerous situation.

2. Definitions

An emergency is an unplanned or imminent event that affects or threatens the health, safety or welfare of people, property and infrastructure, and which requires a significant and coordinated response. The defining characteristic of an emergency event or situation is that usual resources are overwhelmed or have the potential to be overwhelmed. Emergencies may be a specific event with a clear beginning, end and recovery process, or a situation that develops over time and where the implications are gradual rather than immediate.

Emergency management is the coordination of an emergency response and management of recovery. The aim of emergency management is to minimise physical and psychological impacts on all parties.

A critical incident is an unexpected traumatic event, involving personal or professional threat, which evokes extreme stress, fear or injury. Providing appropriate supports following a critical incident is part of emergency management.

A traumatic event is one in which a person experiences, witnesses or is confronted by experiences that involve actual, threatened or perceived death or serious injury and/ or threat to own or others physical and emotional integrity. The person's response may then include intense fear, feelings of helplessness and horror, which impact on their sense of 'self'.

3. Principles

Emergency management planning is being prepared for events or incidents that stretch our ability to cope beyond normal day-to-day capacity. Fairfield Farm College is committed to the protection of staff, volunteers, Trustees, students and visitors during emergencies. Staff will act swiftly and respond effectively to emergency situations, with the aim of preserving life, protecting the college's property, and restoring normal activity as quickly as possible.

4. Outcomes

Emergency situations are prevented as far as practical. The negative impacts of emergency situations and critical incidents are minimised through effective management.

5. Functions and Delegations

Position	Delegation/Task
Principal Vice Principal Director of Education Director of Care Director of HR & Workforce	Development and implementation of Critical Incident Policy. Ensure potential disaster and emergency situations are identified and appropriate emergency management plans are in place. Lead responsibility for implementation of critical incident procedures, including identification of potential situations, developing, documenting and communicating response plans, reporting on actual situations, reviewing policy and procedures following a critical incident Coordinate staff training in critical incident, such as fire response, building evacuation, etc.
Board of Trustees	Review Critical Incident Policy
Staff	Compliance Critical Incident Policy. Coordinate emergency evacuation drills

6. Risk Management

All Trustees, staff and volunteers should be trained in disaster and emergency response procedures. Emergency evacuation drills are undertaken under the instruction of the designated Fire Safety Officer.

Critical incident plans are reviewed bi-annually and/or following the event of a critical incident. As far as possible, traumatic events are prevented, and the impacts of trauma are minimised following traumatic events.

7. Policy Implementation

All staff have access to and are familiar with policies and procedures relating to critical incident management. All staff have information which outlines actions to follow for various disaster and emergency situations, and are supported to undertake training for specific roles in emergency and critical incident.

8. Policy Detail

Fairfield Farm College staff identifies, prevents and manages disaster and emergency situations, until the arrival of appropriate emergency services. A range of emergency situations may occur on the premises with the potential to impact on the safety of staff, Trustees, volunteers, students, visitors and customers, including:

- fire
- gas or water leak
- vehicle and other accidents
- chemical, radiation or biological spill
- storm, snow (see adverse weather policy)
- earthquake
- bomb threat or terrorism

- civil disorder or illegal occupancy including terrorism
- hostage or terrorist situation
- robbery
- physical (including sexual) assaults
- death of a student or member of staff
- serious injury on a trip or off-site
- epidemic in college
- transport accident

9. Prevention

Whilst no amount of planning can totally prevent accidents and problems occurring, it is hoped that some can be prevented and the effects of others minimised by taking sensible precautionary measures. It is expected that:

- all staff and students should be familiar with the college's routines for fire and the evacuation of the building on hearing the fire alarm.
- all staff should be familiar with the routines and procedures for dealing with emergencies
- all staff and students should be familiar with the college's security procedures, in particular that all visitors not wearing a visitor's badge should be questioned and escorted to reception.
- all staff organising trips and visits follow the guidelines and write a risk assessment
- all staff should sign in and out of the premises
- all staff are aware of students with medical needs or health problems
- all staff are aware that they should assess associated risks to young people before carrying out an activity

10. Risk Assessment

Fairfield Farm College staff use risk assessment processes to identify and control barriers to effective emergency management. Staff, Trustees, students, volunteers and customers are expected to behave in a way which minimises the risk of emergencies occurring.

10.1 Preparedness

All staff, Trustees, students and volunteers should be familiar with this policy and know the emergency evacuation procedures, including their responsibilities and the emergency evacuation assembly point and are familiar with the form in appendix 1.

10.2 Response

When a disaster or emergency situation arises, the primary aim of the response is to ensure the safety of all people on the premises, preserve life and protect property. The availability of critical incident debriefing is essential. When required, counselling is provided to those affected by an emergency or critical incident.

11. Critical Incident Procedures

Staff, Trustees, volunteers, students and customers who experience a critical incident should:

- obtain and collate information relating to the incident
- gather and brief the CIMT
- trigger support from external agencies
- set up an incident room to deal with calls, make necessary calls, inform transport, LA
- calls to parents/families (where necessary), this must be done quickly and sensitively
- inform all staff (as appropriate)
- inform students (where appropriate)
- encourage people to talk about the incident (where appropriate)
- prepare a media statement, CIMT only to liaise with media
- engage counsellors (where necessary)

A Critical Incident Report (see appendix 1):

- is to be completed by the staff member involved in the incident or notification of the incident
- is to contain as much information as possible and indicate the people directly involved in the incident.

The staff member who receives the report will ensure that the person(s) identified in the critical incident receives all appropriate support. They are to contact emergency services, where required, and must contact their line manager immediately.

The manager in conjunction with the Principal will assess the Critical Incident and implement a plan of action to follow up the Critical Incident. Where required, a meeting will be organised to determine issues and responsibilities relating to:

- Assessing risks and response actions
- Liaison with emergency and other services
- Contact with the affected person's relatives and other supports
- Liaison with other organisations
- Counselling and supporting staff, Trustees, volunteers, students and customers not directly involved in, but affected by, the incident.
- Media management (if required the Principal will prepare a statement)
- Follow up such as de-briefing, counselling and prevention strategies have been completed.
- Relevant people have been informed of all outcomes from the incident

- Contact college staff to make contact parents/families, inform rest of staff and CIMT
- Retain any relevant equipment
- Travel with casualties to hospital
- Complete accident forms

12. Lockdown Procedures

FFC is implementing this policy to ensure that in the event that students and staff are faced with hazards in the college grounds or outside the college, students and staff may be locked within buildings for their own safety. This will usually occur if there is a dangerous intruder on college grounds but may also occur in the event of a hazardous situation such as a chemical spill or fire, which makes it dangerous for students, staff and visitors to be outside of the college perimeter.

12.1 All staff and visitors

It is of vital importance that the college's lockdown procedures are familiar to members of the SMT, teaching staff, non-teaching staff and visitors. To achieve this, a lockdown drill will be undertaken at least once a year. Students should also be aware of the plan with regular practices which will increase their familiarity of what action they need to take and when.

12.2 For parents

Parents should know that the college has a lockdown policy and a copy should be placed on the college website.

If lockdown occurs, parents will be notified as soon as it is practical to do so. However, parents are requested not to come to the college, as students will not be released to parents during lockdown. Parents are also asked not to call the college, as this may tie up emergency lines that must remain open. Parents should not expect their child to call them, nor should they call student mobiles, as the lock-down situation requires silence in order not to alert an intruder to the presence of students and staff in classrooms.

Emergency Services will support the decision of the Principal regarding the timing of communication to parents. Please be assured in the event of a lockdown that the overriding consideration will be for the safety and well-being of the students and college personnel.

12.3 Lock-In

The following procedures should be followed when the threat is *outside* of the college main building/perimeter.

Alert to staff: 'Partial lockdown' - be direct. DO NOT USE CODES. This announcement should be repeated several times.

Immediate action:

- Exterior college perimeter doors/gates ARE TO BE LOCKED
- All outside activity to cease immediately, students and staff return to building
- All staff and students MUST remain inside
- SMT staff will conduct an ongoing risk assessment based on advice from the emergency services
- Tutors should take attendance of students in each classroom and prepare a list of missing and extra students in the room.
- If the fire bell sounds YOU ARE to leave the building and go to your designated assembly point
- DO NOT leave the college site until you have heard the "all clear college" by announcement only.

12.4 Lock-Out

The following procedures should be followed when the threat or intruder is *inside* of the college building:

Alert to staff: 'Full lockdown with intruder' Be direct. DO NOT USE CODES. This announcement should be repeated several times.

Immediate action:

- Exterior doors/gates ARE NOT to be locked.
- Classes that are OUTSIDE of the MAIN buildings SHOULD NOT re-enter the building - staff should escort students to an alternative safe haven.
- Internal students MUST return to classrooms
- Classroom doors are locked (where a member of staff with key is present).
- Windows to be locked, blinds drawn, students are to sit quietly out of sight (e.g. under desks or around a corner and away from windows.)
- Tutors should take attendance of students in each classroom and prepare a list of missing and extra students in the room
- IGNORE any fire alarm activation, as the college will not be evacuated using this method
- DO NOT leave the building until you have heard the "all clear college" by announcement only.
- DO NOT respond to anyone at the door until "all clear college" is announced
